Chair of Trustees

About us

Our mission is to inspire philanthropy and charitable giving – matching people, ideas, resources and needs to make a real and lasting difference in our local communities.

For over 25 years we have worked passionately to develop and support the charitable sector in Essex, Southend and Thurrock. We work with individuals, families, businesses and charitable trusts, introducing them to organisations tackling issues that are important to them and our communities.

By investing the donations we receive and the funds we manage, we provide a sustainable source of funding that local organisations can tap into year on year.

Each year we provide grants to over 400 local organisations, large and small, with funds provided by 175 donors and national programmes. Our invested (endowed) portfolio of funds is currently valued at £50 million. In the last year we awarded £4.5 million in grants, including £2.1 million from national programmes such as Sir Captain Tom Moore's fundraising and the National Emergencies Trust.

Our core activities:

- To inspire and develop charitable giving from individual donors, companies, local and national government, and existing charitable trusts who give through us to causes that matter to them.
- Awarding grants to charities, community organisations and social

enterprises working in the heart of their community with a focus on community-based, grassroots action.

- Through our investment (endowment) strategy, building community assets to provide a sustainable source of funding for communities.
- Working in partnership with other funders, charities, and public sector bodies to build stronger, safer, healthier, and more resilient communities.

We engage over 300 local people through our grantmaking panels who help us to understand local needs and to make decisions about where to award our grants.

We are a small team of 15 paid staff and 5 volunteers who are based in our offices in central Chelmsford.

Please [visit our website](#) for more information about our work including our Five-Year Plan and Annual Report and Financial Statements.

Our Board of Trustees

"Trustees have overall control of a charity and are responsible for making sure it's doing what it was set up to do. They may be known by other titles, such as: directors, board members, governors, committee members.

Whatever they are called, trustees are the people who lead the charity and decide how it is run."

The Charity Commission

Our Board of Trustees is ultimately responsible for our Foundation. Each Trustee brings their individual expertise and experience to the operation of our Board and collectively this drives our strategy and our progress. The contribution of each Trustee is valued by all associated with us and they tell us that it is a rewarding experience that contributes to their own development.

We currently have a board of 11 Trustees, 4 men and 7 women who bring a range of skills. We are implementing a new strategic plan with great enthusiasm for how we want to develop our charity. We are now looking to attract additional skills to our Board.

Currently our full Board of Trustees meets four times a year. In between we carry out detailed worked through committee meetings.

Trustees have specific roles and responsibilities as defined by the Charity Commission, which you [can read here](#).

Skills we want to increase on our Board:

Accountancy– we have strong financial skills on our Board, which we now need to complement with the expertise of a chartered accountant who will work with us to inform and monitor our investment policy and investment managers. You will provide oversight of our annual income and expenditure, and work with trustees to ensure good governance. We have a Finance & Investment Committee and an Audit & Risk Committee that oversee these areas and report to the Board.

Marketing & Communications – we want to continually develop our marketing and communications so that we can attract the next generation of donors and supporters. We are keen to expand our digital engagement with targeted audiences through a variety of media and platforms. We are looking for new skills and creativity within our Board to help us drive this forward and to provide strategic support to our executive.

Legal skills - we are keen to add to our existing legal expertise and are interested in any specialism.

About you

As well as a passion for your specialist skills and a willingness to apply these to support and shape our work now and in the future, we are looking for people who have:

- A passion and belief in our work and values.
- A strong connection to Essex, Southend or Thurrock either through living here or working here.
- A keen interest in the work and impact of charitable Trusts and Foundations and in learning about Community Foundations' and our unique role in social change.
- Enthusiasm to undertake training to build skills and knowledge.
- An ability to listen to the different views and unique experiences of others and willingness to reflect their perspectives to the rest of the Board.
- Strong and respectful communication skills and commitment to diversity of knowledge and experience and working in a team.

Training, induction and support

We will make every effort to ensure that you are able to fulfil your role to the best of your abilities and that this is a learning and development opportunity.

Support offered will be alongside your fellow new trustees so you will be learning together. We offer:

- Access to trustee training to ensure that all aspects of governance are covered as well as the opportunity to access wider training for the sector as appropriate.
- An existing ECF trustee or other external support as a buddy or mentor will be arranged.
- Opportunity to observe the work of our committees.
- Time spent with our executive team to learn about all aspects of our work including visits to partner charities as part of the induction in line with current social distancing measures.
- If necessary/relevant, we would be prepared to negotiate with your employer in order to support this role and we would request that you may consider telling your employer prior to applying if possible or certainly if you are shortlisted.
- Our trustees are volunteers and are not paid, but all out of pocket expenses will be covered by us.
